

1.1 General

Incorporation

The private limited company Church of Christ was incorporated by way of deed dated 11-04-2001. The company has been registered at the Chamber of Commerce under file number 34156394.

Objects

The objects of Church of Christ are defined in article of the articles of association as follows:

- Continuing the work of Christ (Matthew 28:19-20), recruiting disciples, teaching them the doctrine of Christ through God the father and in accordance to the word of God.
- Live by the truth (the church of the living God – Timothy 3:15), and teach and preach this without adding or omitting anything.
- Worship God according to the bible. Meet every Sunday of the week to worship and to praise God and to pray for humanity. Listen to God's word and to proclaim it using volunteers
- To offer bible lessons using the media (among others) and to publish periodicals, religious flyers and pamphlets, organize caring activities for the elderly and children and to teach them the ways of God.B36

Board of directors

The management is conducted by:

- Mr. P.K. Manso, Chairman
- Mr. K.D. Amoako, Secretary
- Mr. F. Kyei, Treasurer

1.2 Results

Below we provide an analysis of the enterprise's results, based on the profit and loss account.

	2022		2021	
	€	%	€	%
Net turnover	83,178	100.0%	69,401	100.0%
Gross operating result	83,178	100.0%	69,401	100.0%

Notes to the annual report

General notes

General accounting policies

General
The financial statements have been prepared in accordance with Part 9 of Book 2 of the Dutch Civil Code, in conformity with the Guidelines for Annual Reporting for non profit organisations. Valuation of assets and liabilities and determination of the result take place under the historical cost convention. Unless mentioned otherwise at the relevant principle for the specific balance sheet item, assets and liabilities are presented at face value.

Company

The Church of Church ('Vereniging(s)'), Amsterdam has been registered at the Chamber of Commerce under file number 34132490.

BALANCE SHEET VALUATION POLICIES

Tangible fixed assets

Furniture & fittings are valued at historical cost, plus additional costs of production cost less straight-line depreciation based on the expected life.

Impairment of fixed assets

On each balance sheet date, the company assesses whether there are any indications that a fixed asset may be subject to impairment. If there are such indications, the realisable value of the asset is determined. If it is not possible to determine the realisable value of the individual asset, the realisable value of the cash-generating unit to which the asset belongs is determined. An impairment occurs when the carrying amount of an asset is higher than the realisable value; the realisable value is the higher of the realisable value and the value in use. An impairment loss is directly recognised in the income statement while the carrying amount of the asset concerned is concurrently reduced.

The realisable value is initially based on a binding sale agreement; if there is no such agreement, the realisable value is determined based on the active market, whereby usually the prevailing bid price is taken as market price. The costs deducted in determining net realizable value are based on the estimated costs that are directly attributable to the sale and are necessary to realize the sale.

If it is established that an impairment that was recognised in the past no longer exists or has reduced, the increased carrying amount of the asset concerned is set no higher than the carrying amount that would have been determined if no impairment value adjustment for the asset concerned had been reported.

An impairment of goodwill cannot be reversed.

Cash at bank and in hand

Cash at bank and in hand represent cash in hand, bank balances and deposits with terms of less than twelve months. Overdrafts at banks are recognised as part of debts to lending institutions under current liabilities.

Current liabilities

Current liabilities concern debts with a term of less than one year. Upon initial recognition the current liabilities are recorded at the fair value and subsequently valued at the amortized cost.

PRINCIPLES FOR THE DETERMINATION OF THE RESULT

General

Profits are accounted for in the year in which they have been received. Losses that originate in the financial year are taken into account as soon as these are foreseeable

Profit or loss is determined taking into account the recognition of unrealised changes in fair value of investment property, securities included in current assets and derivative financial instruments not designated as hedging instruments.

Offering and collections

Offering and collections represents amounts collected during the financial year reported

Operating costs

Costs are determined on a historical basis and are attributed to the reporting year to which they relate.

Depreciation of tangible fixed assets

Intangible assets, including goodwill, are amortised and tangible fixed assets are depreciated over their estimated useful lives as from the moment that they are ready for use. Land and investment property are not depreciated. Gains and losses from the occasional sale of property, plant or equipment are included in depreciation.

2.4 Notes to the balance sheet

ASSETS

FIXED ASSETS

Tangible fixed assets
